

## Studio Wayne McGregor vision and FreeSpace programme

Studio Wayne McGregor is the first arts organisation to have its home at Here East on Queen Elizabeth Olympic Park.

Studio Wayne McGregor is home to McGregor, his company and collaborators, and an array of diverse artists who will take residence in the space through the FreeSpace programme. Our FreeSpace programme provides artists access to our world-class studios regardless of funding or stage of development.

### Information about the space

Studio Wayne McGregor is a smoke-free environment.

- Canalside at Here East (see links under 'Food and drink')

## Studio Wayne McGregor

- Company Wayne McGregor continues to tour around the world, and Wayne also makes work for other dance companies, feature films, music videos, TV and fashion shows, last year reaching audiences of over 200,000.
- Wayne McGregor CBE is also Resident Choreographer at The Royal Ballet, Professor of Choreography at Trinity Laban Conservatoire of Music and Dance, and part of the Circle of Cultural Fellows at King's College London. He has an Honorary Doctor of Science from Plymouth University and an Honorary Doctor of Letters from University of Leeds.
- Our Learning and Engagement programme currently reaches up to 12,000 participants each year, and in total has reached over 90,000 participants worldwide.
- Wayne mentors a wide variety of other artists, particularly a large number of emerging choreographers. At Studio Wayne McGregor we will expand this into a more formal mentoring programme for artists.
- Following ten years of the R-Research programme, which culminated in the Thinking with the Body exhibition at Wellcome Collection in 2013, Wayne will continue his interest in collaborating with science and technology researchers through a programme called QuestLab.

## Here East

Here East is a 'home for making' - for individuals and companies who push technology, share expertise and create the products of tomorrow. Other tenants include:

- BT Sport, with state of the art production hub and TV studios, broadcasting 24/7 from Europe's largest LED lit studio.
- Loughborough University postgraduate campus for Design Innovation, Digital Technologies, Enterprise Development, Sport Business, Media and Creative Industries, Diplomacy and International Governance.
- The Bartlett and UCL Engineering, with interdisciplinary research in architecture, robotics, healthcare, manufacturing and the built environment.
- Infinity SDC, the largest data centre in Europe.
- Plexal Technology Innovation Centre, housing hundreds of start-ups in an innovation hub and entrepreneur incubator.
- Space Studios, curating an evolving portfolio of artists in their affordable artists' working spaces on The Gantry
